6' Chain Link Tree Protection Fence

Activities prohibited within the TPZ include:
Storage or parking vehicles, building materials, refuse, excavated spoils or dumping of poisonous materials, cutting of tree roots by utility trenching, foundation digging, placement of curbs and trenches, soil disturbance, soil compaction, grade changes, and drainage changes.

Warning Sign

A warning sign shall be prominently displayed on each fence. The signs are available at the Building Department.

Size and Type of Fences

All the trees to be preserved shall be protected with 6 foot high, minimum 12 gauge chain link fence. Fences are to be mounted 2-inch diameter galvanized iron posts, driven into the ground to a depth of at least 2-feet at not more than 10-foot spacing. This detail shall appear on grading, demolition and building permit plans.

Duration

Tree fencing shall be erected before any demolition, grading, or construction begins and remain in place until the Town Arborist approves the removal.
