

BUILDING SUBMITTALS & HERITAGE TREES

Tree Inventory:

A tree inventory is a survey of all Heritage trees on site and within 15 feet of a property line. It includes species, size, TPZ zone, condition, prognosis, photo and appraisal of each tree. This is to be completed by the construction sites private certified arborist.

Arborist review letter:

This is a letter provided by your construction sites private certified arborist that reviews the most upodated Grading & Drainage plan and submits a letter to the Town stating that it complies with the Town's Heriatge rules and provides any mitigation, etc.

Arborist report:

This is a report provided by your private arborist for a tree removal, damage or illegal removal has occurred to a Heritage tree. This report goes into more detail about the health of the tree.
