

## Item No. 5c Town of Atherton

### **PARK AND RECREATION COMMITTEE – REGULAR AGENDA**

**TO:            PARKS AND RECREATION COMMITTEE**  
**FROM:        STEVE TYLER – PARK SUPERINTENDENT**  
**DATE:        NOVEMBER 2, 2016**  
**SUBJECT:    HOLBROOK-PALMER PARK PICNIC AREA**

#### **DISCUSSION**

At the October 5, 2016 Park and Recreation Committee meeting and Park Facility walkthrough, the picnic area that resides between the playground and park entrance was discussed for possibly low-cost/high impact improvements. Staff will bring a non-surveyed layout of the area to the meeting showing the rough dimensions, trees, permanent set appurtenances (benches and tables) and drains.

Using this diagram, staff will lead a discussion with the committee of some ways items such as recycling centers, barbeques, ash bin(s), and additional seating might be added to enhance the area.

Once a concept is achieved with the group, staff will come back at a future meeting with a price for improvements and discuss how to best accomplish the task with current or requested funding.
