| Parking area - Pavilion                     | OK   |                       |                                  |
| Parking area - CM house                     | OK   |                       |                                  |
| Main house - interior                       | Time to look into renovation of restrooms.   |                       |                                  |
| Main house - exterior                       | Clean windows  |                       |                                  |
| Main house - patio                          |  |                       |                                  |
| Pavilion/patio                              |  |                       |                                  |
| Tennis courts                               | Seem always dirty. Can maintenance be increased? Can a hook be installed on tennis court gate 6 to allow gate to be left open? |                       |                                  |
| Playschool - interior                       |  |                       |                                  |
| Playshcool - exterior                       | OK   |                       |                                  |
| Carriage house - interior                   | 2nd floor organization needs improvement. Rear door needs repair.  |                       |                                  |
| Carriage house - exterior                   | OK   |                       |                                  |
| Corp Yard - interior                        | Did not visit  |                       |                                  |
| Corp Yard - exterior                        | Did not visit  |                       |                                  |
| Water tower - interior                      | Needs a good sweeping/cobwebbing.  |                       |                                  |
| Water tower - exterior                      | Get water off of Olive tree.   |                       |                                  |
| Park lighting                               |  |                       |                                  |
| Tree and shrubs                             |  |                       |                                  |
| Drinking water fountains                    |  |                       |                                  |
| Walking paths/fitness stations              | Replace 2 stations   |                       |                                  |
| Walking bridge                              |  |                       |                                  |

# ITEM NO. 6c

|  |  |  |  |
|--|--|--|--|
| Restrooms  | Fence by mens room needs repair.<br>Renovate - sinks, floor, hygenic surfaces on walls, trash can, electric towel dispensers, seal crcks in concrete floors.             |  |  |
| LL field   | Repair womens room toilet. Trim bushes. Recycle stackers for trash cans. Mens room door doesn't self close. New electrical box covers for receptacles behind home plate. |  |  |
| Overall condition of park  |  |  |  |
| OTHER GENERAL OBSERVANCES - Park in need of wood chips (mulch) and volunteers need to be identified and removed. | Lots of new wood chips, looks great!<br>Can we find a solution to the park fountain?   |  |  |
