RE: Atherton Civic Center Project
Subcontractor Listings

Mr Hanneman,

Please find attached the completed subcontractor listing information and previous concrete subcontractor qualification information for the Atherton Civic Center project. Pursuant to California Public Contracting Code section 4107.5 (reference attached) we would like to officially notify you of an inadvertent clerical error on our part for the listing of the architectural precast subcontractor. On bid day Hensel Phelps listed Willis Construction with the intention of listing SW Mertz Masonry Specialists. We ask that the Town of Atherton accept this listing change. A copy of this affidavit will also be provided to both subcontractors aforementioned. Please feel free to contact us with any questions..

Regards,
HENSEL PHELPS

Aamir Imam
Chief Estimator

PUBLIC CONTRACT CODE - PCC

DIVISION 2. GENERAL PROVISIONS [1100 - 22355] (*Division 2 enacted by Stats. 1981, Ch. 306.)*

PART 1. ADMINISTRATIVE PROVISIONS [1100 - 9203] (*Heading of Part 1 added by Stats. 1982, Ch. 1120, Sec. 2.)*

CHAPTER 4. Subletting and Subcontracting [4100 - 4114] (*Chapter 4 added by Stats. 1986, Ch. 195, Sec. 42.1.)*

4107.5. The prime contractor as a condition to assert a claim of inadvertent clerical error in the listing of a subcontractor shall within two working days after the time of the prime bid opening by the awarding authority give written notice to the awarding authority and copies of that notice to both the subcontractor he or she claims to have listed in error and the intended subcontractor who had bid to the prime contractor prior to bid opening.

Any listed subcontractor who has been notified by the prime contractor in accordance with this section as to an inadvertent clerical error shall be allowed six working days from the time of the prime bid opening within which to submit to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error. Failure of the listed subcontractor to file the written notice within the six working days shall be primary evidence of his or her agreement that an inadvertent clerical error was made.

The awarding authority shall, after a public hearing as provided in Section 4107 and in the absence of compelling reasons to the contrary, consent to the substitution of the intended subcontractor:

(a) If (1) the prime contractor, (2) the subcontractor listed in error, and (3) the intended subcontractor each submit an affidavit to the awarding authority along with such additional evidence as the parties may wish to submit that an inadvertent clerical error was in fact made, provided that the affidavits from each of the three parties are filed within eight working days from the time of the prime bid opening, or

(b) If the affidavits are filed by both the prime contractor and the intended subcontractor within the specified time but the subcontractor whom the prime contractor claims to have listed in error does not submit within six working days, to the awarding authority and to the prime contractor, written objection to the prime contractor's claim of inadvertent clerical error as provided in this section.

If the affidavits are filed by both the prime contractor and the intended subcontractor but the listed subcontractor has, within six working days from the time of the prime bid opening, submitted to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error, the awarding authority shall investigate the claims of the parties and shall hold a public hearing as provided in Section 4107 to determine the validity of those claims. Any determination made shall be based on the facts contained in the declarations submitted under penalty of perjury by all three parties and supported by testimony under oath and subject to cross-examination. The awarding authority may, on its own motion or that of any other party, admit testimony of other contractors, any bid registries or depositories, or any other party in possession of facts which may have a bearing on the decision of the awarding authority.

(Added by Stats. 1986, Ch. 195, Sec. 42.1.)

SECTION 00 4336

PROPOSED SUBCONTRACTORS - PAGE 1

Pursuant to the provision of Section 4100 to 4113, inclusive, of the Public Contract Code of the State of California, every Bidder shall set forth the name and location of the place of business of each subcontractor who will perform work or labor in or about the construction of the work or improvement in an amount in excess of one-half (1/2) of one percent (1%) of the Bidder's total bid. If the Bidder fails to specify a subcontractor for any portion of the work in excess of one-half (1/2) of one percent (1%) of the Bidder's total bid, Bidder agrees to perform that portion himself. The following list gives the name, business address, and portion of work (description of work to be done) for each subcontractor that will be used in the work if the bidder is awarded the Contract (additional supporting data may be attached to this page. Each page shall be sequentially numbered, and headed "Proposed Subcontractors" and shall be signed.)
