

Item No. 20 Town of Atherton

CITY COUNCIL STAFF REPORT – REGULAR AGENDA

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: GEORGE RODERICKS, CITY MANAGER

DATE: FEBRUARY 20, 2019

SUBJECT: DISCUSSION AND DIRECTION REGARDING THE AMENDED AND RESTATED FRANCHISE AGREEMENT BETWEEN THE TOWN OF ATHERTON AND RECOLOGY SAN MATEO COUNTY FOR RECYCLABLE MATERIALS , ORGANIC MATERIALS, AND SOLID WASTE COLLECTION SERVICES

RECOMMENDATION

Review report and provide direction for next steps with respect to the Amended and Restated Franchise Agreement between the Town of Atherton and Recology San Mateo County for Recyclable Materials, Organic Materials, and Solid Waste Collection Services.

BACKGROUND

The Town is a member of the South Bay Waste Management Authority (SBWMA). The SBWMA (also known as “RethinkWaste”) is a Joint Powers Authority (JPA) that was formed in 1982 with the goal of providing cost effective programs for its member agencies to meet the state mandate waste diversion target.

The 12-member agencies consist of Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, San Mateo, the County of San Mateo and the West Bay Sanitary District. Through the JPA, these member agencies own and manage the Shoreway Environmental Center which receives all of the recyclables, organics, and garbage collected in its service area.

The SBWMA also provides oversight, support and management of service providers that collect, process, recycle and dispose of materials for the member agencies. As a separate legal entity, the SBWMA operates with a Board of Directors comprised of elected officials from its member agencies and agency staff consisting of an Executive Director, and full-time staff to administer the Agencies various programs and services. In addition to contract management of Recology, South Bay Recycling, and associated contracts (disposal and reuse), the SBWMA administers training programs, educational programs, and outreach.

FINDINGS/ANALYSIS

As a member of the SBWMA, the Town is part of a 10-year contract between the SBWMA, member agencies, and Recology. This contract expires on December 31, 2020. Within the contract, there is a requirement to “meet and confer” on the possibility for extension during 2017. The 2017 decision timeline was established to allow sufficient time, if needed, to conduct a full competitive procurement process if no extension was granted.

In March 2016, the Council discussed the process for negotiation of amendments to the Town's Franchise Agreement consistent with a Model Franchise Agreement that would be developed by the SBWMA. Once the Model Franchise Agreement was drafted and accepted by the SBWMA, staff and the Town's City Council Refuse Subcommittee met with Recology to negotiate Atherton-specific provisions that would be incorporated into the Amended Franchise Agreement.

Staff and Recology addressed all significant legal and policy issues to allow the Town to adopt the Amended and Restated Agreement between the Town and Recology should it desire to do so. Those details were highlighted and discussed at the December 2018 City Council meeting.

Following discussion, the Council directed that staff return with a brief rate comparison to similar agencies such as Hillsborough, Ross, Woodside, Portola Valley, Tiburon, and Belvedere. The Council also asked staff to investigate any opportunity to partner with Portola Valley and Woodside as they explore an extension to their franchise with Green Waste.

Portola Valley and Woodside

Staff connected with the Towns of Portola Valley and Woodside to determine if there was any interest in partnering on an extension to their franchise. Both communities responded that while they would certainly discuss their services with the Town and their relationship with Green Waste; partnering with Atherton on any amendment or extension of their franchise would not coincide with their timing.

POLICY FOCUS

The Town could move forward with the current negotiated Amended and Restated Franchise Agreement and remain in the SBWMA continuing to focus on limiting any future Town cost exposure. If the Council desired to move forward with the Amended and Restated Franchise Agreement, staff would return the item for Council approval at the March 20 City Council meeting.

Alternatively, the Town could opt to use funds within the Rate Stabilization Fund to engage a consultant to assist the Town with pursuit of an independent bidding process for a refuse service vendor. Timing of such a process would require that we engage with a consultant in early 2019 in order to facilitate a transition, if required, in 2020. The options under this alternative would include remaining in the SBWMA but selecting an alternative service provider or moving forward with an alternative service provider and exiting the SBWMA. Staff would draft a Request for Proposal to return to the Council for approval at the March 20, 2019 Meeting. A consultant would be selected at the April 17, 2019 Meeting and work would begin on crafting a Request for Bid.

The current bid from Recology will remain valid until December 31, 2020. In essence, the Town could go through a bid exercise and remain in the SBWMA with Recology under the current proposed Amended and Restated Franchise Agreement.

FINANCIAL IMPACTS

None.

July 1, 2018 Service Update

Following 14 months of meetings, outreach, and negotiation, the City of Piedmont has reached an agreement for a new contract with Republic Services. Most services will remain the same, however there are some items you should be aware of and be prepared for.

Price Increases:

Beginning on July 1, 2018, prices for all services will increase. Single family residential prices are based on the size of the garbage cart. Each residential account includes unlimited recycling and organics carts. Carts used for on-premises (backyard) services are limited to a maximum size of 35 gallons. Additional garbage carts are available for an additional cost.

Curbside Collection:

- 20 Gallon Garbage Cart – \$79.84 per month
- 35 Gallon Garbage Cart – \$84.60 per month

- 65 Gallon Garbage Cart – \$116.55 per month
- 95 Gallon Garbage Cart – \$130.52 per month

On-Premises (Backyard) Collection:

- 20 Gallon Garbage Cart – \$122.17 per month
- 35 Gallon Garbage Cart – \$126.93 per month

How to Save on Your Garbage Bill:

- Reduce your garbage subscription levels by recycling and composting more and using a smaller garbage cart.
- Switch to curbside services. On-premises (backyard) service is approximately \$42 more per month.
- Use the annual prepayment discount. 1 year advanced payment results in the 12th month being free.
- Physically disabled customers with no able-bodied household members are eligible to receive on-premises service at curbside rates. An application must be completed and submitted with a doctor's note or a copy of a valid California Disability Parking Placard. *See below for details.*

On-Premises Disability Discount

The Exemption from Curbside Placement of Garbage, Organics, and Recycling Carts policy was approved by City Council on December 4, 2017. The policy allows for single-family residential households consisting only of residents who are physically unable to move their trash and recycling carts to the curb each week to receive on-premises collection service of their waste, recycling, and organics carts at curbside rates.
