Nominations for chair: the current chair will ask for nominations to chair the committee for the next year.

Following this nomination period, a vote will be taken for this position. After this new chair is chosen, they will assume the seat as the new chair.

The new chair will then request nominations for the vice-chair of the Committee. Following this nomination period, a vote will be taken for this position. After the vice-chair is chosen, they will assume the seat as the new vice-chair.

The meeting will then resume as scheduled on the agenda
