

IMPORTANT NOTICE:

NOTIFICATION OF SCHEDULED WORK

Town of Atherton “2020 Slurry Seal Project”

PROJECT NO. 56094

In order to extend the life of your street, and improve the appearance and skid resistance, **The Town of Atherton** has contracted with **American Asphalt Repair & Resurfacing Co., Inc.** to apply various roadway treatments to streets in your area. We appreciate your cooperation in this matter and will do our best to minimize the inconvenience to your homes and businesses.

Project Description: The work to be performed includes the application of “Crack Seal”, the application of Type II Micro-Surfacing, and the removal/reinstallation of some existing ADA ramps. You will receive another round of notifications when the time for work gets closer. “NO PARKING” signs will be posted 48 hours in advance of the work in your area. The general phasing for the work is as follows:

Project Impact: August 31st

Removal of road striping and markings – No delays to residents expected.

Project Impact: September 2nd

Application of “Crack Seal” – No delays to residents expected.

Project Impact: September 8th and 9th

Application of Micro-Surfacing – Various road closures. Expect Delays from 8:00 AM to 5:00 PM.

Project Impact: **September 16-18**

Placement of new striping and markings to the roads. – No delays to residents expected.

This is a **PRELIMINARY NOTICE**: You will receive another notice with specific dates about 48 hours before a closure is performed on your street. **“No Parking Tow Away”** signs will be posted at least 2 days in advance of each workday. These signs will have the dates and times when on-street parking must be prohibited in order to facilitate the construction activities. Please make sure you are not parked in the roadway during the times posted on these temporary signs. **If you plan to be away from home for an extended amount of days, you must make arrangements to park off the street to avoid towing at your expense.** As one can anticipate during any project of this nature, mechanical malfunctions and unforeseen circumstances or weather conditions may affect construction scheduling. If this occurs it may be necessary to amend the date for work on your street. Please note that we are committed to complete the road construction as efficiently as possible.

American Asphalt will coordinate all work with garbage and recycling collection schedules. Your date/day of the week should not be affected; however, the time of day may change.

*****EMERGENCY VEHICLES WILL HAVE ACCESS AT ALL TIMES*****
