EDUCATION: California State University, Hayward, California, 1982
BA, Human Development

Chabot Junior College, Hayward, California 1978
A.A. Horticulture
A.A. General Education

REGISTRATION: Certified Arborist, California Pest Control Advisor and
California Qualified Applicator

EXPERIENCE SUMMARY:

Mr. Murdock's background is a unique blend of practical and technical experience gained in more than thirty-nine years in the performance of managing maintenance activities in the public sector. His experience ranges from Landscape Maintenance and Park Supervisor, Certified Arborist, to On-Sight Health and Safety Coordinator. His extensive hands-on experience has led him to serve as liaison on several projects throughout the City of Livermore. He served as the City Arborist and assisted the Planning Division in the development and implementation of the Ancestral Tree and City Street Ordinances. Assisting the Engineering and Planning Division in plan check and inspections of new public landscaping and irrigation projects, he also served as liaison to the Beautification Committee and the Landscape Maintenance District's Advisory Committee and prepared draft operating and capital improvement budgets for Park Maintenance, Fleet Maintenance, the operation of Camp Shelly, and all related roads and paths. He had developed department wide criteria for hiring staff, preparing performance evaluations and conducting technical training programs along with being certified in OSHA 10 and OSHA 30 training, and Emergency Response from OES in the state of California.

SPECIFIC EXPERIENCE:

MCE Corporation 2006-Present

- **Health and Safety Coordinator- 2008-Present.** Provides weekly safety agendas for all Cities along with performing quality assurance inspections. Responsible for Inspections of all facilities and work crews, to ensure OSHA compliance and safety regulations and manages the quality assurance program. Also provides technical training to all crews as a certified Arborist and Pest Control Advisor and tree and rose pruning classes for various public agencies.
- **Maintenance Supervisor- 2006-2008.** Managed and supervised the landscape maintenance contract with the City of Brentwood. Duties included supervision of crews, daily work assignments, short and long term scheduling, budget preparation and analysis, responding to citizen and city inquiries and performing quality assurance inspections.

City of Livermore 1992-2006

- **Landscape Maintenance Supervisor.** Managed the Landscape Maintenance Section with a staff of 31 and a total operating budget of \$3,800,000. This included park and tree administration, park maintenance, maintenance of the Downtown Redevelopment area, assessment district maintenance, street tree maintenance, grant

administration, oversight of certain capital improvement projects, plan review and construction inspection for Community development and public outreach meetings. During this time, Mr. Murdock also served as City Arborist. Mr. Murdock prepared the divisions annual operating and capital improvement budgets.

Livermore Area Recreation and Park District 1983-1992

- **Senior Park Supervisor.** Managed and supervised the maintenance staff of 32 and a \$2,500,000 operating budget. This included park maintenance, campground maintenance, grant administration, oversight of all park maintenance capital improvement projects, fleet maintenance, inspection programs, plan review and construction inspection. Mr. Murdock prepared the divisions draft operating and capital improvement budgets and developed department wide criteria for hiring staff, preparing performance evaluations and conducting technical training programs.

City of Pleasanton 1971-1983

- **Maintenance Lead Worker.** Managed and supervised the park and landscape maintenance crews. Developed safety programs and worked on the safety committee. Responded to citizen inquiries and provided input for annual operating budgets.
