

Item No.5b Town of Atherton

PARK AND RECREATION COMMITTEE – REGULAR AGENDA

TO: PARKS AND RECREATION COMMITTEE

FROM: SALLY BENTZ-DALTON – PARK MANAGER

DATE: FEBRUARY 2ND, 2022

SUBJECT:

Discussion

At the September 2021, Park & Rec meeting the Committee was presented with fencing the large Valley Oak in the Park and decided on a location of the new picnic area. Staff received quotes from two companies for a metal fence around the tree that was too costly. Staff received only one quote for a Coral style fence below. Staff would like the Committee to review the Coral style. This style was quoted to be approximately \$23,000 for 270 feet of fencing. A solid wood fence would take away the beauty of the landscape and be costly. The mesh adds a barrier, so children don't go through the slates, which defeats the purpose of the fence.
