Subject: Fwd: Proposed Leaf Blower and Garden Equipment Use Changes

Atherton Town Council:

I understand there is a proposal to ban gas powered leaf blowers by our Town Council. I am opposed to eliminating gas powered leaf blowers. I can understand a proposal for a sound restriction, but I don't believe they should be completely prohibited. The gas leaf blowers do not present an environmental problem, and the noise difference between gas and electric is not material.

Respectfully,

Ned Spieker
